Introduction

The Honorable John Kasich
Governor of the State of Ohio
Riffe Center, 30th Floor
77 South High Street
Columbus, Ohio 43215-6108

Dear Governor Kasich:

In compliance with Chapter 3769 of the Ohio Revised Code, it is my privilege and pleasure to submit to you the 2011 Ohio State Racing Commission Annual Report.

Sincerely,

William Crawford,
Executive Director

The Ohio State Racing Commission is dedicated to the protection, preservation and promotion of horse racing and its related industry components. In that connection, the Commission shall regulate pari-mutuel wagering and the licensing of all industry participants in order to insure the protection of the wagering public and the integrity of the sport. The Commission shall use its best efforts to promote horse racing and breeding to the citizens of Ohio. The Commission shall cooperate with horse owners, trainers, breeders, other licensees, county fairs, and commercial racetracks in order to accomplish these goals.

The Ohio State Racing Commission strives to create an atmosphere where the wagering public would not need to be protected and the sport maintains the highest level of integrity.

Ohio State Racing Commission Laboratory

The racing commission's testing laboratory is located within the Consumer Analytical Laboratory at the Ohio Department of Agriculture complex located at 8995 East Main St. in Reynoldsburg. The laboratory was moved there in 2004.

Soobeng Tan is the laboratory's technical director, a position he has held since 2008.

In 2011, the racing commission tested 15,012 blood and urine samples that were collected from horses that raced at commercial tracks and county fairs.

Analyses of these samples resulted in 134 positive findings. A total of 30 human samples were analyzed and 13 positive findings were discovered.

Racing Commission Rule Review

In compliance with Section 119.032 of the Ohio Revised Code, the OSRC reviewed 155 rules in 2011. Administrative rules govern horse racing and affect individuals, businesses and organizations. The OSRC amended no rules, rescinded no rules and adopted no new rules. The OSRC reviews at least 20 per cent of its rules annually to determine whether any specific rules should be amended or rescinded, consistent with the purpose, scope and intent of the applicable statute authorizing adoption of the rule. An effort is made to minimize any adverse economic impact on anyone. Revisions are only made following consultation with various segments of the racing industry and in compliance with Ohio Revised Code sections that govern the rule-making process.

The Ohio State Racing Commission

The racing commission was created in 1933 after legislation passed by the Ohio General Assembly allowed pari-mutuel wagering on horse racing in the state for the first time. The commission currently employs five full time and two part time individuals at its Columbus headquarters. The OSRC contracts with 11 people to provide services as presiding officials and state veterinarians. Also, racing inspectors work to license individuals at Ohio's commercial racetracks and at those county fairs where wagering takes place.

Members of the Ohio State Racing Commission meet on a monthly basis. From March through October, meetings are held at commercial tracks when possible. Meetings have also been held at the Delaware County Fair to coincide with Grand Circuit harness racing there. During the remaining months of the year, meetings take place at the Riffe Center in Columbus.

Below are individuals that have served as racing commissioners since 1933.
